Elle Jones, Racquel Walters, Monique Henry and Charisma Adams share their faith process providing a ray of hope for those who need encouragement with starting a business, healing, forgiveness, fertility issues and more.

Bhagwandeem, sets the tone for the book with her foreword of how her step of faith launched her into her modelling career. When asked to share her motivation for compiling these stories, Dr. Price explained: *"We know of many Biblical stories of faith, but sometimes it's hard to relate when we are living in different times. I wanted to show people that God still works from our faith today, as he did in the past. I wanted to use modern stories of faith to show this."*

Through *Faith Forward*, readers will be encouraged to trust the process and to be steadfast in their faith knowing that God is always working behind the scenes regardless of how the situation may appear hopeless in the natural. The book is available in Kindle and paperback formats on Amazon.
